

Minutes
Friends of Croft
May 9, 2016

Present: Rick Henderson, John Moon, James Horne, Fern Powell

Minutes from April were approved.

Financials: \$19,900.11 is current checking account balance. Approximately \$2600 is in operating fund.

The future direction of the group was discussed.

A concern that has been brought up in past is liability of members when we sponsor events. The state has a limited amount to cover volunteers. But as the sponsor of an event, FOC has special event insurance to cover our volunteers. The question is if this is enough? An attorney who specializes in liability would be welcome to address this.

A second issue of membership was discussed. If a network of volunteers is developed, then membership should follow. We need someone to use social networking to help make this happen.

Events

Fishing for Fun had 254 kids registered. Without having Walmart and Kohl's donations, we are in the red for \$700. To keep number of participants at a reasonable level, it was suggested we charge \$5 per registrant.

National Trail Day is June 4. FOC is responsible for cooking hotdogs and hamburgers Saturday evening. Fern and James will handle this.

Neewollah is October 22.

Next meeting is June 13
